Critical Infrastructure Monitoring System 2016 Mid-Year Report

Chief Daniel O'Leary

August 2016

Review of Recent CIMS Use

- This review covers Jan 1 – June 30, 2016
- Review of the area of CIMS use:
 - On-Hours Incidents Reviewed (10pm-6am)
- Policy/Procedure
- *By the end of March 2015, five of the cameras were replaced and were functioning without shrouds. As of July 1, 2015, the remaining cameras were replaced and functioning without shrouds, therefore operating 24 hours/day.*

On-Hours Incidents Reviewed

- There were 45 requests for a review of camera footage.
- The footage was reviewed and recordings were made in 32 requests.
 - Footage was provided to:
 - Public Records Request (4)
 - Detective Division (1)
 - Evidence (25)
 - Internal Investigations (1)
 - MSP/Fusion Center (1)
- Due to the cameras being without shrouds and therefore operating 24hrs/day, real time reviews can be done and have reduced the need to request & maintain footage.

On-Hours Incidents Reviewed (cont)

- Types of incidents that the footage was reviewed/requested for:
 - Assault with a Deadly Weapon – 2
 - Assault & Battery - 1
 - Breaking & Entering – 5
 - Bike Theft – 1
 - Citizen Complain – 1
 - Disorderly Conduct - 1
 - Foot Chase – 1
 - Indecent Exposure -1
 - Larceny- 1
 - Malicious Damage- 2
 - MV Crash- 10
 - MV Stop- 2
 - OUI-L: 4
 - Public Record Request - 9
 - Robbery – 1
 - Shooting/Stabbing - 3

Policy/Procedure

Between Jan 1 – June 30, 2016:

- There were no incidents of misuse reported
- There were no violations of policy/procedure in the use or activation of the cameras or in the retention of footage.
- Because of necessary camera upgrades, our camera shrouding system will not work. The SituCon covers do not fit with the new cameras, therefore, the cameras, with the exception of the one location at Boylston St/ Hammond St which is out of service, are on 24hrs/day, 7 days/week.
- Five of our cameras were replaced before April and the remaining cameras and the server have been replaced since July 1, 2015. All cameras are currently functioning without shrouds, therefore operating 24 hours/day.

Policy/Procedure

Since the implementation of the CIMS Camera Program:

- There have been no incidents of misuse reported
- There have been no violations of policy/ procedure in the use or activation of the cameras or in the retention of footage. (This does not account for non-functioning shrouds which require the camera to remain on).
