Critical Infrastructure Monitoring System 2017 Year End Report

Chief Daniel O'Leary

January 2018

Review of Recent CIMS Use

- This review covers Jan 1 – Dec 31, 2017
 - Review of the area of CIMS use:
 - On-Hours Incidents Reviewed (10pm-6am)
 - Policy/Procedure
- As of July 1, 2015, all cameras were replaced and functioning without shrouds, therefore operating 24 hours/day.

On-Hours Incidents Reviewed

- There were 48 requests for a review of camera footage.
- The footage was reviewed and recordings were made in 36 requests.
 - Footage was provided to:
 - Public Records Request (6)
 - Detective Division (3)
 - Evidence (22)
 - Traffic Investigator (1)
 - Boston Police (1)
 - MSP/MBTA (1)
 - Subponea (1)
 - Boston University Police (1)
- Due to the cameras being without shrouds and therefore operating 24hrs/day, real time reviews can be done and have reduced the need to request & maintain footage.

Policy/Procedure

Between January 1 –December 31, 2017:

- There were no incidents of misuse reported
- There were no violations of policy/procedure in the use or activation of the cameras or in the retention of footage.
- Because of necessary camera upgrades, our camera shrouding system no longer worked. The SituCon covers did not fit with the new cameras, therefore, since July 2015 the cameras have been functioning without shrouds, therefore operating 24 hours/day.

Policy/Procedure

Since the implementation of the CIMS Camera Program:

- There have been no incidents of misuse reported
- There have been no violations of policy/ procedure in the use or activation of the cameras or in the retention of footage. (This does not account for non-functioning shrouds which require the camera to remain on).
